

Yeske Buie Open Position – Assistant Financial Planner

Yeske Buie, one of the most respected and influential financial planning firms in the country, is seeking to hire a self-motivated, relationship-driven, and values-centered team player with a resilient, upbeat attitude and a passion for learning for the role of Assistant Financial Planner in our San Francisco, CA office.

About Yeske Buie

On paper, Yeske Buie is an independent, fee-only financial planning firm with nearly \$800M in assets under management. We specialize in: building lifelong relationships with clients through deep and ongoing discovery and trust building; providing them with grounded investing that is implemented in a creative and disciplined way; helping them safely spend from their portfolios; and, working together to navigate intergenerational wealth planning.

Beneath the surface, we're much more than that. At Yeske Buie, our mission is to empower people to pursue their limitless vision for their life – we call this their Live Big® life. This mission, along with our six core values, serve as the drivers for how we serve our Clients and interact as a team.

About the Role

While we are a process oriented and evidenced-based firm that is disciplined in our approach to serving Clients, we embrace the flexibility needed to truly serve the interests of our Clients and their unique circumstances, which is always our most fundamental and top priority. So, while no two days will be exactly alike in elevating the client experience, here's what you are likely to experience during a typical work week:

- **Meeting with Clients**
 - *Your role will initially be active listener and a note taker, with the goal of growing into a lead advisor as you learn TheLiveBigWay® approach to financial planning.*
- **Gathering Financial Planning Data from Clients**
 - *This includes drafting and sending Client emails, fielding Client calls, entering Client information into our databases, and creating and managing related tasks.*

LIVE BIG

- **Preparing and Implementing Financial Plans**
 - *You will turn that collected data into powerful, financial planning reports and recommendations. Your work will be reviewed by the Lead Advisor (the role you'll aim to grow into!) and posted on a Client's unique Client Private Page®.*
- **Reviewing Client Accounts and Proposing Trades**
 - *Yeske Buie has a grounded investment philosophy. You will be a part of executing this philosophy by proposing trades and rebalancing accounts in line with our processes, and regularly reviewing reports including daily deposits and withdrawals.*
- **Completing Client Service and Administrative Tasks**
 - *We believe that becoming an expert in account maintenance requires a few years of experience in completing paperwork, moving money, opening/closing accounts, etc. As you grow in your role, other team members will assist you with these tasks.*
- **Designing, Implementing, and Managing Projects**
 - *Have an idea for a way to enhance our client experience or internal processes? Have a passion for a specific area of the business? Your efforts and ideas are welcomed and encouraged!*
- **Meeting with the Team**
 - *While you will have individual tasks and responsibilities, we always work in teams and sub-teams to serve our Clients and make progress on firm projects. You will participate in all meetings with the Clients that you support, all staff and full company meetings, and our annual staff retreats.*

About the Future

This position is an opportunity to build a fulfilling, long-term career. Your growth will be measured along our structured career ladder that includes tangible goals and milestones for growth from an Assistant Financial Planner to a Financial Planner to a Senior Financial Planner. As we say with our Clients, however, while we have a structured process, your career is your own unique journey, and we look forward to working with you to design and support your personal and professional goals to empower you to pursue your Live Big® life.

We are happy to provide a competitive salary with bonus potential, fully paid (individual) health benefits, 401(k) with company match, financial support for continuing education and certifications necessary for career advancement, company paid FPA membership and conference attendance, a generous vacation policy, and regular team bonding events (i.e., annual staff retreats, social time, etc.).

Additionally, Yeske Buie is pleased to offer employees a hybrid work schedule. All employees are expected to work from our physical offices from Tuesday through Thursday, and may work from their own virtual office on Monday and Friday. We will provide you with Yeske Buie equipment to use during your remote workdays.

Lastly, in light of the COVID-19 pandemic, it is an expectation that every member of the Yeske Buie team has received the COVID-19 vaccine/recommended boosters and will provide that documentation during the new hire process.
